## BESSIE TODDES SENTENCED

ONE THOUSAND DOLLARS FINE AND ONE YEAR IMPRISONMENT

Counsel Said an Appeal Would be Taken to the Superior Court.

On Tuesday morning Bessie Toddes appeared in court with her counsel, W. A. Kramer, Esq., of Carlisle, for sentence. At the January court a jury had found her guilty of keeping a bawdy house in Gettysburg. A motion for a new trial had been argued and last Saturday the court had refused the motion and ordered defendant to appear in court on Tuesday for sentence.

Mr. Kramer, in addressing the court asked for leniency on the ground that prisoner had been a resident of the town for years and had not been before the court previously. When a fine was suggested and the prisoner paroled, Judge McPherson at once replied that such a course was not possible.

District Attorney Topper stated the position of the Commonwealth to be to urge the maximum sentence. Attention was called to the camp and the efforts of the government to prepare men for the war physically and morally fit and that a bawdy house on one of the main streets of the town would undo the work of the government. The vigilance of the law in handling the alien women was made most difficult when one in the town could run a house openly. While there may be communities countenancing this vice, yet this was the opportunity to show that Gettysburg was first, last and all the time opposed to such house, being operated in this town and the maximum punishment would be notice of the punishment to follow such attempts. Judge McPherson in passing sentence said the court had given careful consideration to the facts of the case. That in their judgment the sentence of the jury was right and the court would not be returned on appeal.

Defendant was then sentenced to a year in jail and a fine of one thousand dollars, and she was placed in custody of the sheriff. Mr. Kramer immediately gave verbal notice of his intention to appeal to the Superior Court and that regular written notice would be served on the District Attorney as required by law. Com. vs. Alfred A. Dorn was called to the attention of the court. He had been clerk at the Eagle Hotel and obtained from Annie M. Walter, an employee of the same hotel, all her savings, aggregating \$1600. The charge was false pretense in obtaining \$900 to put in a business in Philadelphia which he declared he had purchased and the money so obtained was lost in bucket shop speculation. The defendant pleaded guilty to the charge and offered to pay back to pay back to Miss Walter the money in monthly installments if placed on parole and allowed to get employment. The court did not like the use made of the criminal arm of the law to collect a debt and said the matter of sentence should be held over.

## THIRD LIBERTY LOAN

THE CRY IS, "SO UP AND AT THEM AMERICA."

Seven Hundred Bond Salesmen to Canvass the County of Adams.

Next week, April 6, the drive for the Third Liberty Loan starts. It is the first anniversary of Uncle Sam's declaration of war against the German murderers. Arthur Guy Empey in his second book, "First Call," opens with a First Call to "Americans All" in which he says most forcibly, "To win this war every American must do his and her share to help, and start right now, because delay means the useless sacrifice of thousands of lives of our best manhood. We are not fighting an honorable enemy; we are fighting murderers and pirates, and the sooner they are stamped out the safer it will be for civilization. We are at war with Germany, not only Prussianism and militarism, but with the German people and everything connected with Germany. The trenches are manned by the German people. Prussianism and militarism are supported by the German people; German people are sinking our ships, killing our boys and bombing our hospitals. So up and at them America." ## Red Cross Problems.

Mrs. Elsie Singmaster Lewars and Mrs. Wm. Arch McClean were in Philadelphia the early part of this week in conference with Red Cross officials in reference to the problems of this place. Gettysburg has not been listed as having the problems of a cantonment and the situation of a town with a camp nearly half the size of a regular cantonment had not been appreciated. A very different point of view was presented with the explanations of social and recreation rooms maintained here, the supplies furnished the army hospital, the civilian relief work, the truck trains, and for the number of other activities. Gettysburg has been misunderstood because some of its activities did not compare with those of neighboring communities but when all its activities were taken into consideration, the word for the civilian relief work here was and always will be a success.

The officials after understanding the situation expressed the view that the problems of Gettysburg and its camp were entitled to the services of a Red Cross director and social worker similar to those provided at cantonments and the matter of proper handling of the Red Cross work here will have the early attention of the Division Headquarters.

The local Red Cross will need headquarters at an early date and will welcome any offers of a room for such use.

The work of the Civilian Relief Department was emphasized by the officials and that all lines of activity should be planned to be curtailed so that civilian relief work shall have the fullest expression.

Orders have been issued from the War Department that will modify the work of the Canteen Department. Truck trains will go provisioned. Towns can furnish lodging quarters at night.

## Camp Colt.

The Gettysburg camp, without an official name all of 1917, last week was given the name of the famous inventor of the army revolver, and hereafter will be known as Camp Colt. "Camp at Gettysburg" was about as good as could have been designated, but likely the new name will not do any harm provided it does not go off and plug holes into something or other.

By the end of this week it is expected thousands of Sammies in khaki will be occupying Camp Colt. In addition to the 1000 already in camp about 4000 more are expected at a very early date. Judging by the preparations, which along a number of lines are greater than last year, it would be safe to guess that before long Camp Colt will have more inhabitants than the camp at Gettysburg in 1917.

While the camp has been specialized as for tank engineers, no tanks are on the ground. It is believed tanks will be sent here for maneuvers and drill purposes and their arrival will mark a most interesting development.

The authorities have established the military police for day and night duty. The policemen are equipped with big yellow clubs and it is going to be the very best way to maintain the peace and good order of the community. One of the special duties of the police will be to keep the boys free from bottles whose contents do so much injury to the morale of manhood and an army.

## Town Firm Dissolved Partnership.

Mr. Pfeiffer will continue the business at the same place under the new name of the Gettysburg Drain Tile Works.

## Millions Roll By.

The army truck trains rolling through this place for the past two or three months represent millions of dollars. The number of army trucks is near the two thousand mark and the commercial trucks and cars far exceed the army trucks in number. An officer in command of two companies of army trucks estimated the value of trucks and equipment at \$1,500,000, so that the value of all the army trucks and contents already passed must be worth near fifty million dollars.

# 22 Million Families in the United States

IF EACH FAMILY saved one cup of wheat flour it would amount to 5,500,000 pounds, or more than 28,000 barrels. If this saving was made three times a week, it would amount to 858,000,000 pounds, or 4,377,000 barrels in a year.

You can do your share in effecting this saving and really help to win the war by omitting white bread from one meal today and baking in its place muffins or corn bread made according to this recipe:

## Corn Meal Muffins

### NOTICE OF APPLICATION FOR CHARTER.

In the Court of Common Pleas of Adams County:

Notice is hereby given that an application will be made to the said court on Saturday, April 20, 1918, at 10:30 A. M., under the "Act to provide for the incorporation and regulation of certain corporations," approved April 19, 1874, and its supplements, by John W. Lerew, Ezra S. Brown, Francis M. Metz, George Harbold and Samuel Masemer, for the charter of an intended corporation to be called The Brethren Cemetery Association of Upper Conewago Church, the character and object of which is the owning, providing and maintaining a ground for the Christian burial of the dead, and regulating the use of the same under properly adopted rules and regulations, and for these purposes to have, possess and enjoy all the rights, benefits and privileges conferred by the said Act and its supplements.

The proposed charter is now on file in the Prothonotary's office.  
J. L. WILLIAMS, Solicitor.

### NOTICE

The first and final account of York Trust Company, Trustee of a fund for the benefit of Henry C. Grove and family under will of Samuel Grove, late of Union Township, Adams County, Pennsylvania, deceased, has been filed in my office and will be presented to an Orphans' Court of Adams County for confirmation absolute on April 20, 1918.

### Sell Wheat by May 1.

The Food Administrator issues war call to the farmer to sell all wheat by May 1st.

"In order that we may comply with urgent demands of the Allies for wheat and at the same time take care of our own domestic supplies we urgently need this year an earlier and more complete marketing of the wheat in farmers' hands than usual. The Allies are taking from us fifty per cent. of other cereals than wheat to mix in their bread. Inasmuch as the people in the Allied countries and the soldiers must be fed with bread baked in bakeries, it is impossible for them to prepare bread made wholly out of other cereals and we must furnish them with sufficient wheat to maintain their bakery loaf. I, therefore, appeal to all of the farmers in the State of Pennsylvania that they shall bring all of their wheat, except their necessary reserves for seed, to market before May first. This is a war call and a service to Uncle Sam, who is fighting for his life. If your local miller is unable to buy all the wheat that is offered reach the Food Administration Grain Corporation."

### Pres. Gray of W. M. R. R. to Resign.

The announcement on Monday of the proposed resignation of Carl R. Gray as president of the Western Maryland R. R. to devote all his time to the service of the Government in the conduct of the railroads was a surprise. It was the first intimation of the contemplated change as Mr. Gray had given no previous intimation that he would be requested to take this course.

The assumption is that he was asked to do it by Director-General McAdoo and that he felt his first duty was to the Government. It is expected a formal statement from President Gray may be made at the annual meeting of the Western Maryland stock holders next week.

### Eight More Men to Leave for Camp

The Adams County Board of the sent notices to county residents to appear at Gettysburg next Tuesday morning. Those notified are: Francis W. Miller, Gettysburg; Leroy L. Small, McSherrystown; Clinton K. Small, East Belts; Lloyd C. Keefeaufer, Littlestown; William E. Luke, Abbottstown; Charles H. Cool, Fairfield; George L. Harner, Littlestown; Harry J. Troxell, Gettysburg; James F. Howe, Gettysburg; Dorsey L. Robert, McKnightstown; William E. Kump, Cashtown; and George W. Smith, Littlestown.

The Board will send from this list eight men, perhaps ten, so that the required number will pass.

Under the new ruling men who are called to go to camp may present claims to have this call stayed if they are actually engaged in farming and necessary to the work on the farm where they are living. To support these claims they must present two reputable witnesses who will testify that the labor is necessary to the upkeep of the farm. Each case will be thoroughly investigated and, if the claims are found correct, the man may be held back.

In no case, however, is this action to be in the nature of exemption or deferred classification. As soon as the man ceases to be required on the farm, or takes up some other occupation he must report to the local board and will then be sent to camp.

## Reasons WHY

Just a few thoughts as to why it is to your interest to return Mr. Brodbeck to Congress.

He has stood with President Wilson on all the big matters that have had to be considered.

His record shows that he voted for the measures that were to your interest, and the general welfare of all our people.

His experience as a Member of Congress and the knowledge that he has gained is of great value to this Congressional District and to YOU, as it places him in a position to take up matters promptly with the proper author ties and to get action.

You do not have to be told what Mr. Brodbeck will do. You know what he has done and will do.

From experience had by Mr. Brodbeck as a practical farmer, he knows what will benefit those engaged in that line of work.

His knowledge of the needs of the manufacturers was gained by him through his having been engaged in manufacturing.

As a boy and young man Mr. **A. R. BRODBECK** Brodbeck did the hardest kind of manual work ; during the winter months he taught a country school. This equipped him with a knowledge as to how conditions in these matters can be bettered.

Knows the needs of the merchant, the veteran soldier, and the boys who are now ready and are standing for the liberty, independence and honor of our Country.

Mr. Brodbeck has stood for the interests of the Congressional District, yours and the Country, and will continue to do so.

He believes in having peace, and quickly, but the kind of peace that will guarantee liberty and freedom, the kind we have had and now have: we must not be

made slaves, and that is why we must win this war.  
Because it is unwise to "swim" in mid-stream.

A. R. BRODBECK

Barn Wind Storm Loss**  
This barn, a new one, was one of the largest, the best  
built, the most up-to-date barn in Southern Pennsylvania, yet  
it did not withstand the wind storm, and the loss is thousands  
of dollars.  
The loss is partly covered by cyclone insurance issued at  
Martin Winter's office.  
The cost of this kind of insurance on a farm barn is \$3.75  
per \$1000 insurance for three years (the rate on houses being  
lower).  
The question therefore for every property owner is:  
Does it pay to rise the loss of \$1000 for three long years  
to save \$3.75  
It requires less than five minutes to destroy a barn, and  
there are a good many five minute periods in three years.

# FARMER CHOSEN EXPERT ADVISOR

G. J. Tyson, of Pennsylvania,  
Named for National Post.

## HONOR FOR KEYSTONE STATE

G. J. TYSON.

Philadelphia, March 28.—G. J. Tyson, one of the prominent farmers of the Keystone State, has been named as the expert advisor of the United States Food Administration for Pennsylvania. The advisory board, selected by the Secretary of Agriculture and the United States Food Administrator, Herbert Hoover, to represent the producing interests of the nation, in the matter of increasing the supply of live stock, fruits and vegetables.

This advisory board will be called into conference by the two departments from time to time to discuss national agricultural problems. The first meeting will be held in the office of the Secretary of Agriculture, in Washington, March 28th.

The membership has been selected with reference not only to the larger agricultural interests, but also to geographical considerations. The full membership of the advisory board follows: E. S. Brigham, St. Albans, Vt.; C. J. Tyson, Florida Dale, Pa.; Henry C. Stuart, Elk Garden, Va.; David P. Massie, Chillicothe, O.; D. O. Mahoney, Viroqua, Wis.; F. J. Macdonald, Spec, N. Dak.; Isaac Lincoln, Aberdeen, S. D.; W. G. Gordon, Humboldt, Tenn.; H. W. Jeffers, Painesville, N. J.; Milo D. Campbell, Coldwater, Mich.; George C. Reedling, Fresno, Cal.; C. W. Hunt, Logan, Ia.; William F. Pratt, Barabaz, N. Y.; David R. Coler, Harrisville, S. C.; C. S. Warren, Union City, Ga.; Oliver Wilson, Peoria, Ill.; Marion Sansom, Fort Worth, Texas; N. H. Gentry, Sedalia, Mo.; L. N. Hazan, Bismarck, N. D.; W. L. Brown, Kingman, Kan.; Eugene Funk, Bloomington, Ill.; W. W. Harrah, Pendleton, Ore.; W. R. Dodson, Baton Rouge, La.; John Gratian, Golden, Colo.; Howard Heinz, T. S. Administrator, and other officers of the Pennsylvania Food Administration expressed gratification at the selection of Mr. Tyson as constituting a tribute to the efficiency of the State Administration, a recognition of the farmers of Pennsylvania, and a high compliment to the scientific skill and attainments of Mr. Tyson himself.

Mr. Tyson was born on the farm where he still lives, at Florida Dale, Adams county, Pa., September 4, 1877. He was educated in the public schools, at the George School, near Newtown, Pa., and at Swarthmore College. He operates one of the largest apple orchards in Pennsylvania, which is owned jointly by himself and two brothers. He has also about 200 acres in general farm crops. Mr. Tyson served seven years as secretary and later as president of the State Horticultural Association of Pennsylvania, and he is now chairman of its legislative committee. He is a trustee of Pennsylvania State College, to the advisory committee of its school of Agriculture, and of the standing committee in charge of agriculture extension.

He has been since 1912, a member of the Pennsylvania State Board of Agriculture, and he is a member of the committee in charge of the Pennsylvania Agricultural Experiment Station, which is now for the first time, the same member of the State Chamber of Commerce, and of its Board of Directors.

## WHEAT RETURN IS HIGH

Interesting Figures for Farmers From Food Statistics  
Washington, March 28.—The United States food administration reports that the American farmer has received a higher return for his wheat than for any other crop in the world. The price of wheat in the United States, according to the United States food administration, is now \$2.00 a bushel, a percentage increase of 100 per cent. Corn, on the other hand, has a percentage increase of 10 per cent. Barley is tied with a percentage increase of 100.

# APRIL 1 LAST DAY FOR FEDERAL RETURNS

Penalties for Income Dodgers Are  
Severe—Get Your Return  
in if You Are Liable.

April 1, 1918, is the final day allowed under the federal income tax law for the filing of federal income tax returns. Persons who are required to file returns under the provisions of law and who fail to get their returns in on time are subject to severe penalties, as follows:

For making false or fraudulent return, not exceeding \$2,000 or not exceeding one year's imprisonment, or both, in the discretion of the court, and, in addition, 100 per cent. of the tax evaded.

For failing to make return on time, not less than \$20 nor more than \$1,000, and, in addition, 50 per cent. of the amount of tax due.

If on account of illness or absence from home you are unable to render your return within the time prescribed by law, you may obtain an extension of 30 days in request of the collector and with the collector of your district before the due date of the return. In this request, you must state the reason why the return cannot be filed within the time prescribed by law.

Collectors of Internal Revenue are not authorized to grant extensions of more than 30 days, but the commissioner of Internal Revenue has authority to grant a reasonable extension beyond 30 days in meritorious cases. If you desire an extension of more than 30 days your request should be addressed to the commissioner and should contain a detailed statement covering the reasons which make it impossible for you to file your return on or before April 1.

The internal revenue men are now completing their tour of the country, during which they were in touch with the people of every city and town. If you failed to get in touch with the deputy which visited your section it is not too late to get advice. Consult your postmaster as to where the nearest deputy is now. Get your blank form, study the directions and the requirements as shown thereon and make your return without fail if your income was sufficient to come within the bounds named in the law.

It is pointed out by Commissioner Rogers that it is important that the people comply with the federal laws as fully as they are complying with the drafts for men and the conservation of foods and fuel. "The war must be paid for," says Commissioner Rogers. "Congress has as much right to conscript a just portion of income as it has to conscript our boys. The tax for 1917 is designed to reach moderate as well as large incomes, so that all persons who are in financial position to bear a portion of the heavy government expenses can be assessed in proportion to their ability to pay."

"The man who is barely making a living or barely supporting a family is not affected by the 1917 law. But the man who is able to bear a share of the burden has been reached by the new law, and he should accept his responsibility in the same patriotic spirit that our young men have shown in offering themselves for this great purpose of the country to make the world safe for people of all kinds to live in and to govern themselves."

This tax is one which recognizes women as on an equal basis with men. The unmarried woman or the married woman with a salary must make tax return just the same as any man. Only the woman supporting her mother or other members of her family may take out \$2,000 exemption.

Under the law the head of the family is the one whose earning power contributes to the family's support. Similarly a widow with small children to support can take out \$2,000 exemption and \$200 additional exemption for each of her children under eighteen. Thus it is intended that the law shall work no hardship to women having to struggle to get along. But each must file return if her income is \$1,000.

A man whose wife dies and who is left with small children to support upon a moderate income may also take full exemption under the new tax law and also claim \$300 exemption for each of his children under eighteen.

The widower under the law is a single man and must make tax return accordingly. Married men need not file returns unless they are earning \$2,000 or more.

"This is as much a national obligation as the reporting for duty of a man drafted for service with the colors," says D. C. Rogers, commissioner of internal revenue. "As it stands, it is much a matter of the man or woman's own conscience. It is for him or her to determine just how far he is liable to the tax. He must figure his own income and if it reaches the figures named in the law must make faithful report upon it to the proper authority."

"The tax is actually a war measure and will be in effect during the war. It is a duty of every citizen to pay his share of the cost of the war. It is a duty of every citizen to pay his share of the cost of the war. It is a duty of every citizen to pay his share of the cost of the war."

Geo. C. Smith, of Harrisburg, has written a letter to his nephew, Geo. P. Smith, of near York Springs, protesting against the Huntington Township School Board selling the bell at Wierman's school house. In his letter Mr. Smith states that many years ago when he was a boy attending that school the money was raised by the pupils for the purchase of the bell and if the board did sell it they should turn the money over to the York Springs Red Cross.

**What is a cold in the head?** Nothing to worry about if you treat it with Ely's Cream Balm. Neglected, the cold may grow into catarrh, and the air-passages be so inflamed that you have to fight for every breath. It is true that Ely's Cream Balm masters catarrh promptly. But you know the old saying about the ounce of prevention. Therefore use Cream Balm when the cold in the head shows itself. All druggists, 50c., or mailed by Ely Bros., 50 Warren St., New York.

A bad fire occurred on Wednesday morning at the farm of Harvey Strasberg, a mile from Fairfield Station, where the barn, bacon shed, and hog pens burned together with everything in the head of stock. The barn was practically all in flames when the blaze was first seen and the roof was just about to fall in when the family were awakened by the glare. Everything in the structure, including the stock, but all the things in the barn were saved.

The Council of Christ Lutheran Church, of York, has decided to suspend the services in the German language. For the past hundred years German and English services have been conducted in this church, which is the oldest Lutheran congregation west of the Susquehanna River. Some months ago the pastor, Rev. Dr. G. W. Enders, who has since been registered as an enemy alien, declared that services would be conducted in German in Christ Lutheran Church as long as he was the minister in charge. The resolution which suspended the German services states that the action is taken "for the best interests of the Church and Sunday School and especially the younger generation."

## BUNYAN ACTIVE TO THE END

His Last Years Busy Though Peaceful Ones and Death Result of Act of Self-Sacrifice.

The closing years of the life of John Bunyan were peaceful, unlike in that respect the years that had gone before, but they were busy years, devoted to preaching, to the work of a pastor and teacher. Of these closing years, Froude, in his "Life of Bunyan," edited by John Morley, writes, "Happy in his work, happy in the sense that his influence was daily extending—spreading over his own country, and to the far-off settlements in America, he spent his last years in his own land of English. Dedicating Castle end of sight, and the towers and minarets of Emmanuel, and moving nearer and clearer as the days went on."

This inflames the stomach and causes nausea, vomiting, and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter.

## Stop the "Snuffles"

If you want to make your distressed babies easy and comfortable, give **Foley's Honey and Tar**. It is just what they ought to have for feverish colds, coughs, "snuffles," and wheezy breathing. It stops croup, too. Foley's Honey and Tar tastes good and the little ones like it. It contains no morphine, chloroform or other drug that you wouldn't like to give to young children. Do not accept a substitute. Mrs. B. H. Garrett, Schoolfield, Va., writes: "My baby was stricken with a severe cough and cold at one month old. I gave him ten to fifteen drops of Foley's Honey and Tar every three hours and it surely did help him. He hasn't coughed since." Advertisement.

The cold, damp weather of March seems to be the most favorable for the pneumonia germ. Now is the time to be careful. Pneumonia often results from a cold. The quicker a cold is gotten rid of the less the danger. As soon as the first indication of a cold appears, take Chamberlain's Cough Remedy. As to the value of this preparation, ask anyone who has used it.
